
Quality Policy

STEICO Industries Inc. is committed to delivering the highest quality products and unsurpassed Customer Service by implementing lean processes, identifying, documenting, measuring and meeting company objectives through support and training of our employees and ensure continuous improvement of the Quality Management System, in addition to meeting and complying with the control of items and technical data as per the applicable requirements of the *International Traffic in Arms Regulations (ITAR) and Arms Export Control Act (AECA)* including FAA, Health and Safety, and other regulatory requirements.

MANAGEMENT of STEICO Industries Inc. support and ensure the effectiveness of this policy by:

- Ensure customer quality & regulatory requirements (purchase order clauses) are reviewed and flowed down to applicable areas of responsibilities.
- Ensure training is adequate and effective with all employees receiving ethical and fair treatment.
- Clearly setting out the behavior we expect of all employees.
- Provide a safe and hazardous free environment for all employees at STEICO Industries Inc.
- Auditing of all areas to ensure compliance to customer and STEICO quality requirements.
- Enable all employees to raise a concern or ask a question when in doubt.

EMPLOYEES of STEICO Industries Inc. support and ensure the effectiveness of this policy by:

- Complying with quality requirements as defined in their areas of responsibility.
- Ensuring procedures in the areas they have been trained on are followed, and flowed down to applicable employees.
- Ensuring work areas are cleaned and organized (adherence to 5S + Safety requirements).
- Ensuring equipment in areas of responsibilities is in good operating condition.
- Following instructions on internal work orders and verifying product to stated requirements.
- Raise a concern or ask a question when in doubt.
